## OUR COMMITMENT TO YOU

The information in this publication is current at May 2005.

In the taxpayer's charter we commit to giving you information and advice you can rely on.

If you try to follow the information contained in our written general advice and publications, and in doing so you make an honest mistake, you won't be subject to a penalty. However, as well as the underpaid tax, we may ask you to pay an interest charge.

We make every effort to ensure that this information and advice is accurate. If you follow our advice, which subsequently turns out to be incorrect, or our advice is misleading and you make a mistake as a result, you won't be subject to a penalty or interest charge although you'll be required to pay any underpaid tax.

If you feel this publication does not fully cover your circumstances, please seek help from the Tax Office or a recognised tax adviser. Since we regularly revise our publications to take account of any changes to the law, you should make sure this edition is the latest. The easiest way to do this is by checking for a more recent version on our website at [www.ato.gov.au](http://www.ato.gov.au)

## YOUR RIGHTS

It is important that you are aware of your rights and obligations when dealing with the Tax Office.

When we make a decision about your tax affairs, we will tell you about your rights and obligations in relation to that decision. We will also give you contact details in case you have any queries or need more information.

There is information under 'Your rights' on the Tax Office website at [www.ato.gov.au](http://www.ato.gov.au) To get a printed copy of the *Taxpayers' Charter – what you need to know* (NAT 2548), phone our distribution service on **1300 720 092**.

# INTRODUCTION

This publication contains a list of codes to assist you to correctly complete the individual tax return on behalf of your clients. You must provide an accurate description of a taxpayer's main salary and wage occupation at item **1** of the tax return, and insert the appropriate 4-digit code from the list at **X** item **1**. If the taxpayer was involved in more than one salary and wage income-earning activity, provide the description and code for the activity that produced the greatest amount of income. Please note that the occupation description and code apply to salary and wage income only and not to other types of income such as pensions and business or investment income.

The codes in this publication are in alphabetic order and numeric order. In the first instance use the alphabetic list to select the appropriate code to enter on the tax return by searching under keywords that describe the taxpayer's main salary and wage income-earning occupation.

For example:

- ambulance officer – search under the keyword 'ambulance' to find the code 3491
- shipping clerk – search under the keyword 'shipping' to find the code 6152
- security guard – search under either of the keywords 'security' and 'guard' to find the code 8311.

Once you have identified the most appropriate code from the list, enter it at **X** item **1** on the tax return.

If you cannot select the code using the alphabetic list, your second option is to use the numeric list. Here you need to search for the main occupation of the taxpayer under

relevant broad occupation category headings. For example, if a taxpayer earned the most salary and wage income from working as a personnel manager, you would search under headings related to 'managers'. In this case, the closest heading would be 'Specialist managers'. In the 'Specialist managers' group the appropriate entry, 'Personnel manager', code 1213, can be found. Enter this code at **X** item **1** on the tax return.

The numeric list may contain more than one major category for some occupations. For example, clerical work is covered by several different headings, such as 'Secretaries and personal assistants' and 'Intermediate clerical workers'. In this case, you may have to examine each category to find the most appropriate code.

If you cannot find an appropriate specific occupation code in either list, enter an accurate description of the taxpayer's occupation and use the 'Occupation not listed' code 0990. Please use this code as a last resort only.

Only use codes from this publication and take care to describe and code occupations as accurately as possible. An incorrect code may result in your client not receiving necessary service or material from the Tax Office or could lead to incorrect targeting of an audit.

In addition, the Tax Office provides the Australian Bureau of Statistics (ABS) with aggregated client records for the preparation of national accounts and related economic surveys. Salary and wage occupation codes are an important part of the information the Tax Office gives to the ABS.

# SALARY AND WAGE OCCUPATION CODES 2005
