

# EXPLANATORY NOTES FOR THE LIFE INSURANCE COMPANIES TAXATION SCHEDULE 2010

## INTRODUCTION

These notes are designed to help in the preparation of the *Life insurance companies taxation schedule 2010*. They are not a guide to the income tax law.

## STATEMENT OF INCOME – SEGREGATED EXEMPT ASSETS (SEA)

### Net investment income – SEA

If a life insurance company reconciles accounting income to taxable income, it must include at **A** the total accounting net investment income for SEA. If a life insurance company uses a taxation basis to determine income derived from SEA, supply the following details of ordinary and statutory income derived from SEA: all investment income from SEA less losses made from the disposal of SEA assets. Investment income includes gains made on the disposal of investments, interest income, dividend income, trust distributions, partnership distributions, net rental income and all other investment income.

Show whether the company used an accounting basis or a taxation basis to determine net investment income derived from SEA by printing **X** in the relevant box at the right of the amount shown at **A**.

### Premiums – exempt life insurance policies

Write at **B** the total amount of gross premiums received from exempt life insurance policies.

## STATEMENT OF TAXABLE INCOME – ASSESSABLE INCOME

### Premiums from accident and disability and term policies

Write at **C** the total amount of gross premiums received from accident and disability policies and term policies. Term policies include assets (including money) having a total transfer value equal to 'risk riders' that are transferred from the complying superannuation first home savings account (FHSA) asset pool under section 320-195 of the *Income Tax Assessment Act 1997* (ITAA 1997). Disability policies include continuous disability policies.

### Premiums – other life insurance policies

Write at **D** for the ordinary class, the total amount of gross premiums received from all life insurance policies for the ordinary class except for:

- exempt life insurance policies
- term policies (including riders)
- accident and disability policies.

Write at **E** for the complying superannuation/FHSA class the total amount of gross premiums received from complying superannuation/FHSA life insurance policies.

### Total ordinary income – ordinary class

Write at **F** assessable income of the ordinary class that is income according to ordinary concepts.

### Total complying superannuation/FHSA assessable income

The total assessable income of the complying superannuation/FHSA class includes both income according to ordinary concepts, and statutory income. Write at **G** the assessable income that is allocated to the complying superannuation/FHSA class under subsection 320-137(2) of the ITAA 1997.

The total assessable income of the complying superannuation/FHSA class includes transfers to the complying superannuation/FHSA asset pool as stated in **Transfers to complying superannuation/FHSA asset pool** on the next page, and must be shown at **G**.

## STATEMENT OF TAXABLE INCOME – ALLOWABLE DEDUCTIONS

### Complying superannuation/FHSA class tax losses claimed

Write at **I** the amount of tax losses of the complying superannuation/FHSA class claimed as a deduction in accordance with section 320-141 of the ITAA 1997.

### Tax losses – ordinary class

Write at **I** the amount of tax losses of the ordinary class claimed as a deduction under subdivision 36A of the ITAA 1997.

### Total allowable deductions – ordinary class

The total allowable deductions of the ordinary class of the company is the total allowable deductions of the company less the total allowable deductions of the complying superannuation/FHSA class. The total allowable deductions of the ordinary class includes transfers to the complying superannuation/FHSA asset pool as stated in **Transfers to complying superannuation/FHSA asset pool** on the next page, and must be shown at **J**.

### Total allowable deductions – complying superannuation/FHSA class

The total allowable deductions of the complying superannuation/FHSA class include tax losses of the complying superannuation/FHSA class which have been claimed as a deduction. The deductions (other than tax losses) of the complying superannuation/FHSA class are determined in accordance with subsection 320-137(4) of the ITAA 1997. The tax losses of the complying superannuation/FHSA class are determined in accordance with section 320-141 of the ITAA 1997.

Write at **K** the total allowable deductions for the complying superannuation/FHSA class.

**Note:** Where the sum of the amount of the deductions of the complying superannuation/FHSA class referred to in subsection 320-137(4) of the ITAA 1997 exceeds the sum of the amounts of the assessable income of the complying superannuation/FHSA class under subsection 320-137(2) of the ITAA 1997, the sum of the amounts of the deductions of the complying superannuation/FHSA class is to be shown as the same amount as the sum of the amounts of assessable income of the complying superannuation/FHSA class. That is, the deductions shown at **K** cannot be greater than the assessable income shown at **G**.

## TRANSFERS

### Transfers to complying superannuation/FHSA asset pool

Write at **N** the transfer value of assets (including money) transferred by the company to the complying superannuation/FHSA asset pool under subsection 320-180(3) and 320-185(1) of the ITAA 1997.

### Transfers from complying superannuation/FHSA asset pool
